

## Early Intervention

Down Syndrome South Australia (DSSA) supports families and individuals with Down syndrome, intellectual disability and other chromosomal disorders throughout their lives. Our support for babies and children before school includes:

- Ante-natal and post-natal information and support
- Group information and support via playgroup
- Specialist support when children transition to childcare, pre-school/kindergarten and school
- Consultant support to assist families and children to build capacity to learn, grow and thrive in their communities.

DSSA links with our professional learning and development arm, Learning 4 All, to provide information and education to families, friends, educators and carers. Workshops include topics that are both specific to Down syndrome and those that are experienced by children with developmental delay.

## Parent Information & Support Playgroup

Playgroups are held twice a term on Fridays from 9.30am to 11.30am at Knightsbridge Baptist Church.

Children with Down syndrome and other chromosomal disorders, their parents, siblings and extended family are all welcome to attend.

It is an opportunity to chat to other parents over a cup of coffee and participate in songs, stories, craft activities and outdoor play whilst learning key word signing and strategies for play and general development.
